Greetings!

This email, to our Los Angeles list, is a follow-up to [what we sent today to our worldwide list](#).

If you put some effort into spreading the word to get people to vote for **Making L.A. a Friendlier City**, <http://bit.ly/MakingLAFriendlier>, your reward is an invite to a supporter bash at Casa Consciousness, my house in West Hollywood. The grant will get the project buzzing so that it's THE thing to participate in, but even if we don't get the 100K we'll make the project into a more homespun reality and this will be the team to do that!

For **Saturday, May 5, from 3:00 to 6:00**, we're putting together a great time with entertainment (let me know if you want to be added to the bill that already has [David Zasloff](#) on it).

**RSVP to [suzanne@mightycompanions.org](mailto:suzanne@mightycompanions.org)** with a little info on what you've done to spread the word!

Thank you for all support that you give to *Making L.A. a Friendlier City!*
