**JUSTIN CONNOR**  
Episode 15

Filmmaker of *THE GOLDEN AGE*

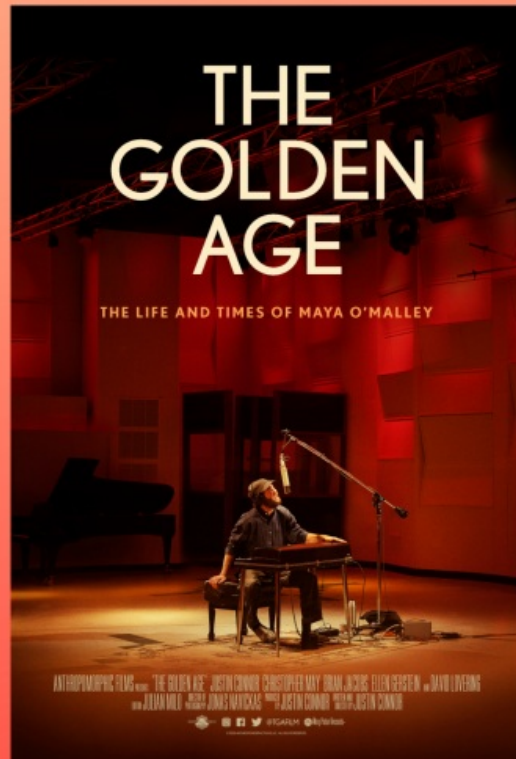

## New podcast episode with Justin Connor!

I hope this entertains as well as illuminates. Although you can watch *The Golden Age* after you listen to my podcast with writer, director, composer, producer, and star, Justin Connor, you'd have your own experience of it to bear in mind when you hear us talk about it if you'd already seen it. This is a movie for our time, and the glowing reviews that are on [Amazon Prime](#) let you know why it should be seen.

Justin is a wonder with his prodigious artistic talents and his evolved state of consciousness. Art helps us make sense of the world, and, at this explosive time of rethinking, needing all the sense-making we can get, my conversation with Justin looks to artistry in the world to come.

With the entertainment industry under such threat now, where the ways of the past may never be in our future, I welcome any thoughts about where to from here to add what Justin and I have said.
